AND EASY LICENSING**

Pacer Plus

Pacer Plus

WHY TWO-WAY RADIOS?

Companies with people on the move need two-way radios. You can realise the benefits of two-way radios if:

- You need to communicate with several people at the same time
- You need to contact people who are constantly at the move
- You require the ability to response quickly to emergency situations

INCREASE PRODUCTIVITY

Two-way radios allow one-to-many communication with just a push of a button. With a single push of button, you can now keep in touch with one another while on the move – providing important information to the right person at the right time instantly.

COSTS SAVINGS

Unlike cellular telephones, two-way radios are not billed on airtime usages but a fixed charge thus providing users an economical communication tool.

Motorola Pacer Plus

EFFICIENT, VALUE FOR MONEY AND EASY LICENSING

Looking to improve your operational efficiency with the right communication tool? Trying to eliminate unnecessary waiting time and frustration on frequency application? Look no further, the Motorola Pacer Plus, is the answer!

Motorola Pacer Plus is an easy-to-use radio that comes with easy licensing and is ideal for any small operation. Getting started is a breeze - simply fill up a form and on the spot payment at your nearest dealers, the radio is now ready for use.

The pre-program frequency in the radio allows users instant one-to-one or one-to-many communication with just push of a button. And the adjustable squelch level setting enables clear audio quality that is ideal for use in retail, restaurant, event management, school and other service industries

Motorola Pacer Plus, a quick start communication tool that is easy on the pocket and also comes with a wide range of accessories giving you operational efficiency with Motorola renown reliability.

KEY FEATURES & BENEFITS

Compact and Ergonomically Designed

Designed to be held comfortably, the channel knob is replaced by a simple-to-use navigation button that allows users to quickly scroll through the user channel.

Large 8-digit Alpha-Numeric & iconic Display

The large alphanumeric display allows easy readability of text and number displays such as channel alias and frequency number. The iconic battery and signal strength indicators also enable users to determine the radio's operating performance instantly.

Private Line (PL) / Digital Private Line (DPL)

Set up talkgroup/users with unique PL/DPL to prevent unwanted conversation on the same frequency.

Prime Channel

Motorola Pacer Plus allows users the flexibility to set their frequently used channel as their prime channel. They can now access to other channels and returned to their prime channel instantly at the push of the function button.

Squelch Level Setting

Depending on your operation preferences, you have the flexibility to program the squelch level setting to eliminate unwanted signals and noise to improve audio clarity.

Scanning

Allow users to monitor activities on different communication channels so that messages will not be missed.

Nuisance Channel Delete

This feature allows users to temporarily remove the unwanted calls in the scan list, enhancing the radio operational efficiency.

Keypad Lock

Allow users the flexibility to lock and unlock the keypad to avoid accidentally meddling of the radio setting.

ENHANCED YOUR RADIOS CAPABILITIES

A wide range of accessories is available with the Motorola Pacer Plus can be to suit your needs. Adding proper headsets, microphones, battery, charger or carrying cases can enhance your operational productivity. Motorola's accessories are built with the highest quality standards and are specially engineered to ensure maximum performance of your radio, no matter what business you're in.
